

PLESSEY'S ATTIS-7 LED GROW LIGHT

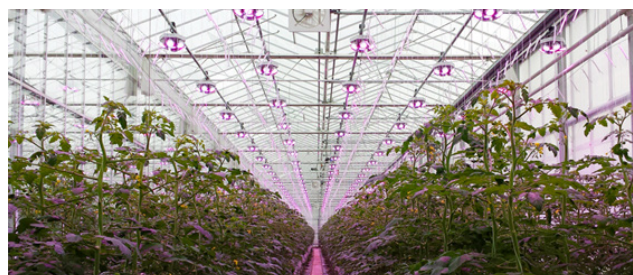

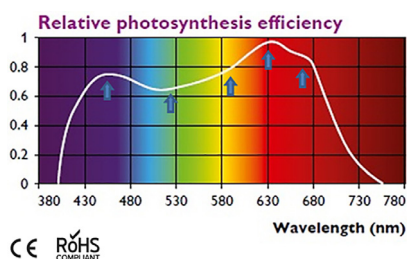

- For Commercial, Research and University growers
- Proven energy saving and plant response
- No cooling fan
- High efficiency, patented heat dissipation design
- Built-in power supply

Tested and evaluated by
Rothamsted Research
since 2011

ATTIS-7	
LEDs	126 x 3W LEDs
Size	350 x 405 x 250mm
Input Voltage	AC100-230v @ 50/60Hz
Actual Power Consumption	230W
Power Factor	0.98
Fixture Beam Angle	0 to 115 degrees (modules adjustable)
Beam Wavelength	460 nm to 730 nm
Working Temperature	-20°-+35°
$\mu\text{mol/w/m}^2$	Average of 2.13 $\mu\text{mol/w/m}^2$ delivered at crop level*
Warranty	3 year standard
Net Weight	8.6 kg/pcs

*Based on a typical installation at 4m.
